LEVEL 3 YOGA PSYCHOLOGY AND MEDITATION

JANUARY 15-27, 2018 (Acquired professional development hours if required)

A unique training and study program focusing on the vitally important areas of yoga psychology and meditation. Here we extend into the other domains of yoga-its philosophies and practices beyond asana. The course is designed for already trained asana teachers, serious practitioners of the yogic path and for health professionals who work with the human psyche and the destabilising consequences of disturbed mind.

Yoga reveals the most sublime understanding of mind referred to as the fourfold psychic instrument, Antahkarana, (agent of consciousness) and its nature. It provides unparalleled maps of this subtle and often perplexing domain of human existence and the means to open awareness to its ineffable ground.

This training taps the incisive practices and contemplative methodologies to clear and transform limiting and habitual mental patterns and unproductive behaviours. This is beyond psychotherapy.

Here we work within the realms of consciousness itself.

Explore Meditation as both a practice that cultivates lucid awareness and as a state beyond the waking, dreaming and deep sleep aspects of the spectrum of consciousness. The retreat format will enable direct experience of the unimpeded dimensions of essential nature and ultimately bridging this refined state into the ecstasy of everyday life.

Testimonials

"If you want to give yourself one of the greatest gifts of your lifetime, I would encourage you to enrol in the The Living Path of Yoga Study program. The program was much more than I ever could have imagined or anticipated. We were equal parts challenged and nurtured every step of the way. Every aspect of the program: from the Asana practice, to the well thought out lessons, selections of reading materials and audio visual supplements was done with great care. I read and re-read my notebooks from our study sessions on a daily basis. It would not be an understatement to say The Living Path of Yoga has been a once in a lifetime experience that I will strive to carry deeply within and throughout every aspect of my life."

Marianne Murray, New Paltz, New York

The effort I've put into yoga in the passed 3 years has transformed my life. However the work I've done with Sadhana and Keval in the passed year has deepened my practice to a level I didn't foresee reaching in this stage. The knowledge they put forth is coming from 2 lifetimes of direct experience and gives you a comprehensive understanding of not just yoga, but yourself.

Danielle Martino, Brooklyn, New York

This course covered the breadth of the ancient practice of YOGA. Interesting to the beginner and to the longtime yogi or yogini. We learned of the sacredness of this tradition, the various limbs of Yoga and its vast influence on other traditions throughout time.

During these weeks, we fully immersed ourselves in the study of philosophy and the practices of chanting, meditation and hatha yoga. I found the hatha yoga to be especially helpful. Even though I was in the modified posture class, there were benefits like a sense of physical 'well being' and inner 'rest'.

As we surrendered to the daily rhythm of the routine, an inner transformation occurred. This seemed to be personally tailored to each of our own needs. Individually, we received just what was called for at this point in our life, even if we didn't know what that should be. It was truly an experience of the 'restorative and life balancing' aspects of Yoga and Grace.

If you want to take some time for yourself, to step out of daily 'doing' and into daily 'being' -this is the course for you!! If you want to spend some time to focus on such questions as, "Who am I? Why am I really here?"-this is the course for you! If you want to experience inner harmony-this is the course for you!

Nandita , Walden New York

"There are few experiences in our life that we can truly pin-point as life changing. I chose to seek out a yoga instructors course in the hope of getting some direction in my life but what I received from the Shanti Darshanam course held at Shanti Mandir in India is truly impossible to put into words. I am so grateful to have been involved in such a traditional and holistic training program full of integrity and authenticity. It is saddening to see the way Western society has appropriated yoga from the East, so much of the philosophy and meaning behind this ancient tradition has been left behind. Participation in this course in Australia, the US and India will open your body, mind and soul to the intended experience of yoga in its entirety and completeness and help you to become not only the best teacher you can be but also the best person. The experience of the course at the ashram in India is unparalleled to anything I have experienced before, an experience that would be impossible to regret!"

Hanna Bevan, Adelaide Australia

"This study course gives such a deep and rich living experience of the Yogic philosophical content. The feeling and insight is profound and I am so thankful to have found myself being awakened to that place of natural inner stillness and joy again and again and again."

Chamunda Greenberg, Adelaide Australia
